DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest the claimed combination of translating at least one logical object model into a corresponding unified model, generating a system definition comprising a plurality of templates, generating at least one source code object as a function of the at least one unified model and one of the templates and generating translation source code using at least one data type translation file, as recited in independent claim 65 (renumbered as claim 1), and the combination of a repository adaptor tool translating logical object models into unified models, a schema server receiving and storing the unified models and data type translation files in a schema repository, a plurality of templates defining services within a framework, and a code generator generating source code objects as a function of the templates, unified models and data type translation files, as recited in independent claim 72 (renumbered as claim 8.)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
